### **About Harwich Shorts**

Harwich Shorts was launched in 2016 as an open call to filmmakers to submit short films to be screened as a film festival within the annual Harwich Festival – the only restriction on submission being that films must be no longer than 10 mins in length. Originally all films were screened at the Electric Palace Harwich – one of the world's oldest cinemas, but due to ongoing restoration work, films have more recently been screened at a variety of pop up venues.

In March 2020 the Harwich Festival, and consequently Harwich Shorts, was cancelled due to the Covid-19 Emergency but, with support from Arts Council England, the organisers have been able to run a digital version. This features live-streamed performances during the period 25<sup>th</sup> June – 5<sup>th</sup> July, and a wide variety of community arts projects including Harwich Shorts

We hope you enjoy the work!

**N.B.** We have a small team working very hard to deliver the digital festival and, whilst we will endeavour to ensure all information is as accurate as possible, please let us know if you do notice any errors in the catalogue. You can do this via the contact form in the HF website.

### **Dates for Submissions:**

Harwich Shorts Digital Film Festival will be an evolving exhibition and it will continue to be available via the HF website and Social media pages for the foreseeable future. Artists can submit work between the 25<sup>th</sup> June and the 31<sup>st</sup> July 2020. So there is still plenty of time to submit your work.

### **Using the Catalogue:**

Work is listed in alphabetical order – by the name of the group/organisation or by surname in the case of individual work

Please feel free to browse the whole exhibition – here

### **Best Films:**

In August the general public will be invited to vote for their favourite films. The top three films per category will be shortlisted with a final 6 – including 'best film' chosen by a selection committee. Winners will receive a digital palm to display alongside their film and, subject to the completion of the restoration works as well as social distancing and licensing restrictions, will be screened at the Electric Palace - Harwich at a future date (likely to be towards the end of the year).

### **Support the Harwich Festival:**

The Harwich Festival is a registered charity and year-round arts organisation. We also run the Harwich Arts and Heritage Centre for the benefit of the wider community. The Festival relies on the support of external funders and public donations to continue its work. Any donation, no matter how small, will help us to continue our provision. If you feel able to donate, which would be greatly appreciated, you can do so here. Thank you.

<p>"Limond, Jamie (Dir)</p> <p>Contributing artists - Barnet, Briggs, Harris, Lock-Bowen"</p>	<p><i>All at Sea</i></p>	<p>This video is for the Harwich Festival of the Arts. It is about a life journey, a voyage navigated by the cosmos, with creation, loss, a break in reality, family and finally a beautiful sail before the closing credits. Elements of painting, animation and live action from home video clips are edited together to the backdrop of piano music (Erik Satie's Gnossiennes (1890)) played by Mike Harris. The result is a surreal film borne out of lockdown.</p>	<p>Best Home Shot Film Over 16's</p> <p>Best film</p>	<p><a href="https://youtu.be/hLIVikPNh6U">https://youtu.be/hLIVikPNh6U</a></p>
<p>Briggs, Lorraine (Dir)</p> <p>Contributing artists - Larain Briggs, Jamie Limond</p>	<p><i>Living Waters</i></p>	<p>Based on the original theme of 'Movement and Migration' for the Harwich Festival the film considers the archetypal hero's journey through life. The viewer and artist are the hero, travelling together. It may also represent a literal journey from one place to another and the longing for a better life and better place. The music Verdi's 'The Song of the Hebrew Slaves' from the opera Nabucco is a metaphor for refugees and those longing for home. The whole video gives a sense of lyrical movement and a feeling of an idyllic and peaceful life, one that we all long for.</p>	<p>Best Home Shot Film Over 16's</p> <p>Best film</p>	<p><a href="https://youtu.be/zsPNkwGPS7M">https://youtu.be/zsPNkwGPS7M</a></p>

<p>Button, Vicci for 'Artimate' and young people from secondary schools in Chelmsford, Essex, for The Ideas Hub, Chelmsford.</p>	<p><i>'From Shell- Shock to Now.'</i></p> <p><i>One Hundred Years of Mental Health 1919-2019.</i></p>	<p>A collaboration between 13 Secondary-age history students and four young musicians, this film was inspired by research at the Essex Record Office exploring developments in the mental-health treatment of soldiers returning from the First World War.</p> <p>Designed to be screened to Year 6 students in the county to encourage a greater awareness of the importance of mental health, it was animated by the young historians and produced by 'Artimate', with music written and performed by the musicians. This was mixed and produced by Hollywood-based composer Joe Metcalfe.</p>	<p>Best Animation U16's</p> <p>Best Home Shot Film – U16's</p> <p>Best film</p>	<p><a href="https://youtu.be/KJInFbaLnc8">https://youtu.be/KJInFbaLnc8</a></p>
<p>Escudier, Phoebe</p>	<p><i>Where is the Love?</i></p>	<p>During the pandemic world events diverted instantly from COVID-19 to another long established virus that plagues the world - racism. Dancers from all 4 corners of the globe united over the internet along with a group of local children to show that we have the power to end racism if we all work together.
